History

History

East Germany national ice hockey team was a national ice hockey team created in 1951 to represent the German Democratic Republic.

The team competed in many international competitions, including World Championships and Olympics.

The only medal the East Germany national team ever won was the European Championship bronze medal in 1966.

The only time they competed in the Olympics was in Grenoble in 1968. They scored 13 goals in 7 games, but didn't manage to win any games leaving them with no points in the standings. From that point on the team refused to participate in Olympic hockey. The team folded in 1990 just before the German reunification.
